I have attached an initial outline of the OUT! Campaign for everyone to use as a beginning point. It is in no means a definitive document, rather it is simply a few very brief ideas to get the conversation going. It is a working document, whence I hope we can derive a solid plan if everyone agrees it is a sound idea.

I realise everyone is busy, and Richard is about to leave on more travel - so I don't expect immediate response. Criticisms, concerns, and out and out raspberries are acceptable.

Thanks!
